SELECTED ROSE LIST.

Hybrid Perpetual Roses,

Worked Low upon the MANETTI STOCK, extra.

Will Bloom First Season of Planting.

These are strong, field-grown, FLOWERING PLANTS, and can be sent ONLY by EXPRESS or FREIGHT, and must not be compared with the small plants from pots that are usually sent by mail.

In planting Worked Roses, care should be taken to have the budded part set two or three inches below the surface of the ground, and the soil pressed firmly about the stem. By bringing the budded part above the surface, the plant is liable to winter kill; this is the cause of a great deal of the loss from worked plants. For winter protection, draw the soil about one foot high about the plants, or even more if convenient. Manure can be put on for additional protection; it need not be rotted, green will answer just as well, and covered under in the spring.

Alfred Colomb. Rich red; very large and globular, free blooming and fragrant; a grand rose.

Alphonse Soupert. Bright rose; very large, early, free flowering.

Anna de Diesbach, or Gloire de Paris. Glossy pink; very free bloomer and hardy.

Augustine Guinoisseau. Flowers creamy white, in the way of *La France*; free bloomer, fragrant.

Baron de Bonstetten. (Similar to Mons. Boncenne.) Velvety blackish crimson; a good dark rose, very strong.

Baron de Maynard. White, often edged with pink; of medium growth.

Baron Prevost. Rose color; large flower; hardy.

Baroness Rothschild. Very beautiful pale rose; superb form; splendid foliage. (See cut, page 7.)

Own Root Plants.

I can supply own root plants two years old, *now dormant*, in a small number of kinds, good strong stock for this class of plants, as they are of much slower growth in this form than in the worked plants, and should be treated with great care in transplanting. In placing the plant in the ground, water should be applied to settle soil firmly about the root and to prevent immediate drying. If the weather should be dry a few days after planting, frequent sprinkling of the tops of the plant will check excessive evaporation; but do not apply water to the root immediately after the plant is set in the ground.

General Jacqueminot.

Hermosa.

John Hopper.

La France.

Mme. Gabriel Luizet.

Magna Charta.

Paul Neron.

Perle des Blanches.

Ulrich Brunner Fils.

Price—\$4.00 per dozen; 50 cents each. Less than a half dozen at single rates.

Own Root Plants From Pots.

These are from *two-inch* Rose pots. The plants were propagated spring of 1892, grown through the summer in these pots, and stored during the winter in cold frames, consequently have not been forced and are in fine condition for planting in the ground (and far better and cheaper than the plants usually sent out by mail at low prices.)

These plants can be furnished in May or June for immediate planting in the ground. We take them from the pots and forward by express, securely packed in a compact form for transportation.

Price—\$2.00 per dozen; 25 cents each.

This cut represents a properly planted budded rose.

A the depth to which the plant is set in the ground.

B the point where it is budded.

Roots will very soon be made between the points A and B.

Desirable Garden Roses.

CLIMBERS.

Captain Christy. Delicate flesh color; much better grower than the type, and if kept well trimmed back, makes a fine garden rose.

Baltimore Belle. Pale blush.

Queen of Prairie. Rosy red; very strong grower.

Price, 40 cents each; per dozen, \$3.00.

MOSSES.

Common. Pale rose; very double; fine.

Crested. Pale pink; very double.

Blanche Moreau. Pure white; large, full, of perfect form; flowers in clusters; perpetual.

Salet. Light rose; perpetual.

Price, 50 cents each; per dozen, \$3.50.

SUMMER ROSE.

Blooming but once in the Season, but very freely.

Madame Plantier. (China.) A rose of great vigor of growth, blooming in June very profusely; color, pure white; well adapted to cemetery use. Price, \$3.00 per dozen; 40 cents each.

AUSTRIAN ROSES.

Austrian Copper. Beautiful bright reddish copper; flowers single, striking and distinct.

Harrisonii. Golden yellow; semi-double.

Persian. Yellow, the deepest yellow; full.

Price, 50 cents each; per dozen, \$5.00.

HARDY JAPAN ROSES.

Mme. Georges Bruant. Flowers white; when open, semi-double; very fragrant; blooming in clusters through the summer.

Rosa Rugosa. (Perpetual.) Single crimson.

Rosa Rugosa Alba. (Perpetual.) Single white.

THE TWO LAST VARIETIES MAKE FINE BORDER SHRUBS.

Price, 50 cents each; per dozen, \$4.00.

ROSA MULTIFLORA.

Many-Flowered Rose. Hardy; free blooming rose; flowers small in clusters, color light rose. Price, 40 cents each; per dozen, \$3.50.

ROSA WICHURAIANA.

Japanese Trailing Rose. A rapid grower, producing a closely matted growth of dark green foliage. The flowers are single white, with yellow stamens produced in great profusion, with the sweet fragrance of the Banksia Rose. A valuable plant for beds and rockeries.

Price, 50 cents each; per dozen, \$4.00.

Damask, York and Lancaster. Color red and white striped, large single flower, perpetual blooming; an attractive garden rose.

Price, 50 cents each; per dozen, \$4.00.

Stanwell Perpetual Scotch. Color Rosy blush, centre often pink; a double flower; early, free blooming, very sweet; needs but little pruning; hardy; an acquisition.

Price, 50 cents each.

FREE BLOOMING ROSES, DORMANT PLANTS.

Celine Forestier. (N.) Pale yellow; very fragrant; winter protection needed. Price, 50 cents each.

Gloire de Dijon. (T.) Salmon buff; a large double flower, Tea fragrance; requires winter protection, although the hardiest of Teas. Price, 50 cents each; per dozen, \$4.00.

Souvenir de la Malmaison. (Bourbon.) Blush white, shaded flesh; very large and double; deliciously scented; fine in the autumn.

Price, 50 cents each; \$5.00 per dozen.

As my sole business is the cultivation and study of the Rose, I can give purchasers the practical benefit of many years of personal experience as a specialist in this branch of horticulture.

I am in receipt of numerous testimonials commending the quality of my plants, and this year the stock is particularly excellent.

As I do not *substitute* other varieties for those ordered, customers at an advanced part of the planting season will do well to add to lists a few kinds in case we are sold out in any variety ordered.

My stock of Roses, to which I am constantly adding, in hardy garden varieties, is one of the most complete in the country, testing the best new varieties as they appear.

Many prizes have been awarded the collection by the *Massachusetts Horticultural Society*.
